06. 2011 — 09. 2011

LongJi Tech Ltd *Jinan, China*
UI/UX Designer

- Website layout/template design work for CMS using photoshop, html, css etc.
- Combine with dynamic tags to build company website.
- Improvement supports on company websites.

09. 2009 — 06. 2013

Smcq Ltd *Jinan, China*
Head of tech and Operator

Smcq(like i17.me) is an university discussion platform that I created with my friends and operated it during my bachelor period, built with php/msql behind nginx and aquired 1000 active users among 20,000 registered members at that time. Revenue relied on the offline activites and travelling agency. I was the head of tech lead my 5 person team to build the website and a series of propaganda activites.
